Old business—Kirk Stoner from Cumberland County Planning Commission and Mike Lubinski from the Cumberland County Conservation District attended our meeting.

We are concerned about the usage of Injection Wells and protecting our aquifer as more warehouses are moving into Penn Township.

According to Mr. Lubinski, If Injection Wells are proposed the application is under strict scrutiny. Water quality is extremely important to the Conservation District Office.

Once an application is complete, we have the opportunity to review said application. It will be announced in the PA Bulletin.

Only one Injection Well was approved in 2016 in PA.

We will need to speak with a Hydrologist.

We should ask the Cumberland County Planning Commission to write a letter in support of our concerns.

At our January meeting we will discuss our Official Map. Kirk Stoner gave us a draft of the Official Map. We are going to split Commercial and Industrial into two separate zones.

Animal Ordinance—Read over and report back to Gary Martin.

Noise Ordinance—Read over and give suggestions to Dan Ries.

Move to adjourn made by Vic Barrick at 8:47 p.m., seconded by Dan Ries.

Respectfully submitted,

Marcia Leeds, Secretary
