There is a letter in our Township Newsletter concerning the proposed injection or gravity wells on the Ridge Development. We are encouraging all Penn Township residents to send letters to DEP with their concerns about water safety. We definitely want a public hearing on this possible problem for our township.

There is an iron ore pit on this property that could cause problems with the water, also.

Dan Ries is resigning from the Planning Commission as of this meeting. Thanks to Dan for all of his years of service and his diligence with regard to the safety of our township and its residents.

Vic Barrick made the motion to adjourn the meeting at 8:35 p.m., seconded by Sean Lacey.

Respectfully submitted,

Marcia Leeds, Secretary
